Thomas W. Talley  
(1870-1952)

Thomas Washington Talley was born in 1870 about four miles out of Shelby, Tennessee. One in a family of eight children, he was the son of Charles Washington Talley and Lucinda Talley. His brothers and sisters were: Mary Elizabeth; Martha Jane; Sylvester Wright; William; Luther Polk; Cynthia Anne; and Ida E.

Talley graduated from Fisk University in 1890, and a Master of Science degree in 1893. Walden University awarded him a Doctor of Science in 1899. He also attended the University of Chicago in 1929, and Harvard University in 1914.

He came to teach biology and chemistry at Fisk in 1902. Loved by his students, he was called a "genius at teaching." He was instrumental in acquiring a science building for the University, called Chase Hall. Today, the Talley-Brady Chemistry Building is named in his honor.

Talley was a man of many facets. He sang with the Jubilee Singers and the Mozart Society while a student at Fisk. In 1922, he wrote a groundbreaking book, *Negro Folk Rhymes, Wise and Otherwise*, published in 1922. Charles Wolfe has published a revised edition entitled *Negro Folk Rhymes of Thomas Talley*.

Talley was married to Ellen Roberts, who died in April 1930. They had two daughters; Sonoma and Thomasina.
