SCOPE AND CONTENT NOTE

Johnson, Robert Burgette, 1922-1967
Papers, 1947-1967
Size of Collection, 5 linear feet

Robert Burgette Johnson was the second son of the noted sociologist and former Fisk University President, Charles S. Johnson. He was also a social scientist at Central State University in Wilberforce, Ohio, and was married to Ouida Fay Buckley.

Among the papers are speeches and lectures given by Johnson on race relations in the United States. Speeches date primarily from the 1950s and were given to audiences from many organizations, such as the National Conference of Christians and Jews and the National Association for the Advancement of Colored People. Also included are materials while he was director of the National Conference of Christians and Jews.

In addition to these materials, the collection consists of biographical data, correspondence, many of his writings and publications, classroom materials (for courses taught from 1944 to 1948) and interviews and tables from an intergroup study done in the 1950s.
