Papers, 1839-1972

The Papers of Nona I. Work (1902-1980) B.A., Fisk University, 1931; first cousin to the reknown composer and Fisk son, John Wesley Work III.

Biographical Note

The Work Family has been engaged in an enduring relationship with Fisk University since the early 1900's. They have made contributions to Fisk. This tradition began with John Wesley Work II, who graduated from Fisk in 1895, assisting in the musical education of Fisk students. John Wesley Work II also served as Professor of Latin and History. A composer of folk songs, John Wesley Work II's greatest contribution was the creation of the University's alma mater, The Gold and Blue.

The tradition continued with the reknown composer, John Wesley Work III, who wore many hats as a choral conductor, ethnomusicologist, folklorist, and educator. Two of John Wesley Work III's musical works are I, John, Saw the Holy Number and I've Known Rivers. He also collected two hundred and thirty songs in the published piece American Negro Songs and Spirituals.

Nona I. Work is associated into this rich family heritage by her father Frederick Jerome Work, who is the brother to John Wesley Work II. Nona Work is the first cousin to John Wesley Work III. Nona Work, an 1931 alumnus of Fisk, carried forth the Work-Fisk tradition by sharing memorabilia of the Work Family with the Archives Division of the Fisk University Library.

Scope/Content Note

Throughout her adult life, Nona I. Work was dedicated to the well-being of Blacks in the Nashville community. This is obvious through her association with Fisk University and Meharry Medical College in serving on various committees. Ms. Work was also very concerned in preserving the history of the Work Family. The collection of documents, photographs, and memorabilia on the Work Family is evidence of this statement.
