Scope/Content Note

From the date of his assumption of the office of the presidency of Fisk University in 1957 until he left the position in 1966, Dr. Wright was confronted with the one problem which virtually every president has had to face, i.e., the problem of winning the financial support of Fiskites and Fisk Friends as they were called. With the help of members of the Board of Trustees, leaders of the Fisk alumni, members of the Fisk faculty and staff, some proven friends of the college, and representatives of professional fund-raising organizations, President Wright by 1961 had evolved an organizational plan and a program for raising six million dollars. Of the sum to raise, approximately one half was earmarked for paying outstanding debts and renovating campus buildings. The other half was to be added to the Fisk endowment. The financial campaign, with its rather ambitious goals, was one facet of a larger program which received the label "Fisk Centennial Development Program." According to projections the program was to be concluded on January 9, 1966, the One Hundredth Anniversary of the Fisk University. For the purpose of celebrating the One Hundredth Anniversary of Fisk University and marking the successful conclusion of the development program a special convocation was set for January 9, 1966.

For five years, ending in 1966, President Wright appears to have followed a rigorous schedule. He was literally the man in motion. When he found himself on campus his hours were taken up with correspondence of and persons wishing to discuss the program. The bulk of the documents in his papers clearly attest to the fact that fund-raising was the focal point of the president's interest and the consumer of his time and energy.

Description of Materials

Fifteen boxes of documents comprise the Stephen Junius Wright Papers. Boxes nos. 1-3 contain information relating to Fisk University Administrative officers, Fisk alumni, Fisk Board of Trustees, and educational boards/funds/foundations. Boxes nos. 4-11 contain documents which relate to the Fisk Centennial Development Program, with emphasis on fund raising activities. Box no. 12 contains documents relating to Fisk departments of instruction, the Fisk faculty/staff and general correspondence. Box no. 13 contains correspondence and other documents which relate to special programs held at Fisk University. Boxes nos. 14-15 contain materials relating to students and student affairs.

This collection includes fifteen (15) boxes and 4857 items.
The collection was processed by T. Raleigh Wilson and Karen B. Woods.
