

## ***A Forever Bag***

Purses and bags are definitely an essential item for a woman, for one they hold our entire world, two, they make great wardrobe accessories. If you make an investment in a bag, make sure it will never go out of style. Choose a few neutral colors for everyday wear and one statement color for special occasions.

## ***A Bomb Winter Coat***

Even though it may be negative below outside, you won't show it if you have a distinguished winter coat to keep you warm. Pea coats, trench coats, and wool will always be in season to help you style and profile.

## ***An Elegant Blazer***

Blazers can help pull together any outfit, and can also be used as an outerwear substitute during transitional weather. Looking for something to spice up your office wear? Try a blazer. Need something to cover up that little black dress? Use a blazer.
