

## ***A Go To Lipstick***

Ladies we all know we have that one classic lipstick that we reach for every time. Incorporating a classic lip color to your wardrobe and style will help mold your signature look as well as make you memorable.

## ***A Signature Scent***

If diamonds are a girl's best friend, perfume may as well be her husband. Perfumes make every woman feel classy, and add that special feminine touch. Even if you aren't a perfume lover, try a scented lotion or body wash.

## ***Statement Jewelry***

Every woman should own a piece of jewelry that never comes off, whether it is a pair of pearl or diamond earrings, a diamond ring, or bracelet. Invest in an item and make it count.
