The Federal Government requires that Federal Aid be applied to tuition, fees, room and board unless you elect to have your financial aid pay for additional charges on your account. The charges must be education-related activities such as key replacement fees, parking fines, late fees, library fines, service charges, etc.

If you elect **not** to have your financial aid pay additional charges, you may receive a refund even though you have outstanding charges on your account. It will be your responsibility to pay those charges. Outstanding charges on your account may result in a 'hold' on your account. A registration 'hold' may prevent you from registering for an upcoming semester, receiving academic transcripts or petitioning for graduation.

If you are receiving Financial Aid, you must complete the payment option below:
